IMPORTANT NOTICES TO ALL STUDENTS!

CAMPUS WIDE IDENTIFICATION NUMBER

Due to recent state laws concerning identity theft, Cal State Fullerton assigns all students a campus wide ID number (CWID). This number may also be referred to as a student identification number (SID). The CWID will be used in conjunction with the student’s PIN (6 digit personal identification number) to access the Student Portal or TITAN Online. All university records and accounts for the student will be identified with the CWID. Each student needs to become familiar with his or her CWID number for conducting university business and making academic inquiries.

FEES

CREDIT CARD CONVENIENCE FEE—Effective November 3, 2003, a non-refundable convenience fee of $5.00 will be added to all credit card payments made via TITAN Online or IVR at (714) 278-2121.

NEW GRADING SYMBOLS AND PLUS/MINUS GRADING

Several new grading symbols became effective beginning fall 2002 in accordance with the Chancellor’s Office Executive Order Number 792. See section on Incomplete (p. 18) and Unofficial Withdrawal (p. 21). As of spring 2005, the university allows plus/minus grading. See pages 24 and 25 for further information.

ENGLISH AND MATH REMEDIATION

Each California State University campus is responsible for ensuring students take the English Placement Test (EPT) and Entry Level Mathematics Examination (ELM) unless they are exempt from the requirement(s). Exemption information is on page 24. Based on the test results, those students requiring remedial instruction will be placed in the appropriate remedial classes during their first semester on campus. By taking the appropriate remedial classes in the first semester, students will be better prepared to meet the challenges of their later course requirements. Remedial classes include MATH 30A, MATH 30B, MATH 40, ENGL 099, and ENGL099M. Degree credit is not awarded for these classes. Transfer students can qualify for an exemption by completing and transferring to CSUF a college course that satisfies the General Education—Breadth or Intersegmental General Education Transfer Curriculum (IGETC) quantitative reasoning requirement, provided such course was completed with a grade of “C” (2.0) or better.

E-MAIL ADDRESS

Each student has been issued an e-mail address where University messages will be sent to you. For additional information about your e-mail account, contact (714) 278-7777. You may designate your personal e-mail address as your primary e-mail address via TITAN Online. You will need your student identification (SID) and personal identification (PIN) numbers for TITAN Online access. If you do not know your PIN, please visit the Admissions and Records Service Center, Langsdorf Hall 114. You must present photo identification to receive your SID or PIN. Many campus offices have begun utilizing e-mail as the PRIMARY communication mode to the student. Be sure to check your e-mail on a regular basis.

MAILING ADDRESS

You are required to keep your mailing address, e-mail address, and phone number current with the University to ensure that you receive all University communications. Your official address on record will be used for mailing your parking permit. You will no longer be required to complete a parking form with your parking and registration payment. Forms to request a change in your address are available from the Admissions and Records Service Center, Langsdorf Hall 114. For additional information about parking permits, call Parking and Transportation Services at (714) 278-3082.

Nondiscrimination and Sexual Harassment Complaint Procedures

Inquiries concerning compliance with the Nondiscrimination Policy (p. 17) and the Sexual Harassment Policy (p. 17) and implementing campus policies or procedures should be directed to: Rosamaria Gomez-Amaro, Director, Diversity and Equity Program, CSUF, College Park, Suite 700, (714) 278-3951, www.fullerton.edu/diversity; Paul K. IMPORTANT NOTICES REGARDING THE COLLEGE OF BUSINESS AND ECONOMICS

I. Registration Instructions for CBE Courses.
All students in the College of Business and Economics are strongly advised to participate in TITAN early registration. Class availability may be limited once the semester begins. Once the semester begins, students may add business and economics courses only during the first two weeks of the semester.

Deadline to add CBE courses - September 5, 2006

Students may drop business and economics courses without record of enrollment up until September 5, 2006. You must drop courses using TITAN. No signatures or stamps are required to drop courses during this period.

After September 5, students are expected to complete all courses in which they are enrolled. Withdrawals will only be considered if there are serious and compelling reasons, and if approved, a "W" will be shown on the student's academic record for that course. Please refer to Blue Pages for further information.

A student who registers for a class and whose name appears on the first-day-of-class list should attend all class meetings in the first week. If a student decides not to continue enrollment in a class, either before or after instruction begins, it is the student's responsibility to follow the appropriate procedures for dropping the class; however, if a student is absent without notifying the instructor or departmental office within 24 hours after any meeting missed during the first week, the student may be dropped administratively from the class by the instructor. Students should not assume that this will be done for them and

(Continued on page 6)
should take the responsibility to ensure that they have been dropped by following the appropriate procedures for dropping classes. An instructor may also administratively drop a student who does not meet prerequisites for the course. These administrative withdrawals shall be without penalty.

II. Admission to the Business Administration, International Business, or Economics major involves two steps. All new and readmitted students are initially classified as pre-business, pre-international, or pre-economics. After completing the lower division prerequisite requirements, the students may apply to the upper division step of their major. "Pre" students may take lower division business and general education courses, but most upper division business courses are not open to "pre" students.

Prerequisite requirements for Business Administration: students must complete the following courses (or equivalents) with grades of at least “C” in each course: ACCT 201A; ACCT 201B; BUAD 201; ECON 201, 202; MGMT 246; ISDS 265; and MATH 135, 130, or 150A.

Prerequisite requirements for Economics: students must complete the following courses (or equivalents) with grades of at least "C" in each course: ACCT 201A; BUAD 201; ECON 201, 202; ISDS 265; and MATH 135, 130, or 150A.

Prerequisite requirements for International Business: students must demonstrate satisfactory progress toward intermediate foreign language competency and complete the following courses (or equivalents) with grades of at least “C” in each course: ACCT 201A, B; BUAD 201; ECON 201, 202; MGMT 246; ISDS 265; and MATH 135, 130, or 150A.

To apply for the Business Administration, International Business, or Economics major see an advisor in the Business Advising Center (LH-731) during the semester in which you are completing your final prerequisite requirements. You must bring verification of grades (transcripts or grade reports) of all completed prerequisite courses. For TITAN I, you must apply to the upper-division major by June 8, 2006.

III. Enrollment Restrictions. Except as noted, most courses in the College of Business and Economics are restricted by major:

Undergraduate CBE Students

Pre-business, Pre-economics and Pre-international business majors shall not enroll in any concentration courses until they have completed all of the required lower-division core courses with a grade of at least "C" (2.0) in each course and officially declared their concentration.

Students with an officially declared minor in business administration, economics, or information systems may enroll in business or economics courses required for the minor through TITAN registration.

Graduate CBE Students

CBE graduate courses are restricted to students currently enrolled in an CBE graduate program. Postbaccalaureate classified and Open University students may not enroll in CBE graduate courses.

Enrollment in BUAD 591 requires classified MBA status, approval of the CBE graduate advisor, good academic standing, and within six units of completing study plan or in final semester of the program. Please contact Diane Mazzey via email at dmazzey@fullerton.edu for approval two weeks prior to your registration date.

Non CBE Majors

Most business courses are restricted and closed to non-CBE majors during TITAN early registration.

Communications, Computer Science, Environmental Studies, Human Services, Liberal Studies, Mathematics, Public Administration, and Psychology majors may enroll in certain business courses during TITAN early registration. Students in these majors should see their department advisor for further information.

IV. Business Administration Honors Program

Highly motivated students majoring in business administration will have the opportunity to take designated honors courses in the upper-division business core. The enriched courses will provide challenging learning experiences, individual attention from selected professors, small class size, and closer interaction with other similarly motivated students. In addition, upon successful completion of the honors program, formal recognition will be awarded at graduation.

For further information and eligibility requirements, contact the Business Advising Center, LH-731, (714) 278-2211.

Do NOT enroll in upper division courses (300 or 400 level).

Academic Advisement Center (AAC)
The ACC provides advisement for General Education, graduation requirements and university policy. The AAC is also the home department for undeclared majors. The undeclared resource room is located in UH-124.
FIRST-SEMESTER TRANSFERS CHECKLIST

Major Requirements

- General Education
- Upper Division Baccalaureate Writing Requirement

General Education Requirements

- All students must complete 9 units of General Education (GE) in residence at CSUF.
- All students must complete 9 units of upper division (300-400) General Education. (Most transfer students fulfill the residence requirement and the upper division GE requirements with the same 9 units.)
- Select GE courses that are not offered by your major department (consult with an AAC advisor for courses that may double count in the major requirements and General Education).

AAC is located in University Hall 123 http://www.fullerton.edu/aac (714) 278-3606

Upper Division Baccalaureate Writing Requirement: Upper Division Writing Courses and Junior Level Examination in Writing Proficiency (EWP)

All students completing bachelor’s degrees must demonstrate writing ability acceptable for graduation. The upper division writing requirement has two parts which must be satisfied: (1) Major specific upper division writing course(s) and (2) the Junior Level Examination in Writing Proficiency (EWP). See pages 32 and 33 for the writing course(s) required by the various majors.

The EWP should be taken once 60 units of baccalaureate coursework has been completed. See the Upper Division Baccalaureate Writing Requirement section in this class schedule for more information about test dates and test registration.

Testing Center (714) 278-3838 http://www.fullerton.edu/testing

Academic Planning

- The Academic Advisement Center (AAC) provides advisement for General Education, graduation requirements and university policy. Advisement is provided on a walk-in basis.
- Contact the major department for specific major requirements and advisement.
- Develop an Academic Advisement file to bring to advisement sessions. It should include:
  - All correspondence received from the university and current unofficial transcripts from all colleges attended.
  - Advisement worksheets, such as major advisement worksheets, and the General Education worksheets should be added to the file after meeting with advisors.
  - Current copies of your TITAN Degree Audit or in some cases your Final Evaluation and Summary of Units for General Education.*

  It is very important for transfer students to receive advisement before registering for courses.

  *Transfers from out of state and some 4-year universities will receive a Final Evaluation and Summary of Units for General Education from Admissions and Records.

TITAN Degree Audit

www.fullerton.edu/admissions/currentstudent/degreeaudit.asp

A TITAN Degree Audit (TDA) is primarily an advising tool. The TDA report includes general education and major requirements, as well as other minimum unit and grade point average requirements of the University. Your TDA will be a preliminary evaluation of your transfer coursework.

IMPORTANT: Your TDA will remain preliminary until you receive notification from the Office of Admissions and Records that final evaluation of your records has been completed.

TITAN Degree Audits can be obtained by going to the TITAN Online website and selecting the Student Academics menu. From that menu, select TITAN Degree Audit. You must have a student ID number and personal identification number (PIN) to request your TDA. Please visit the AAC to review your TDA.
New Second Language Graduation Requirement

Effective Fall 2006

Undergraduates in the majors listed below are required to show intermediate-level proficiency in American Sign Language or a language other than English as a graduation requirement from Cal State Fullerton. This requirement applies to incoming freshman admitted in Fall 2006 or later, as well as other candidates for the baccalaureate under the Fall 2006 catalog or later, with the exception of high-unit majors (listed below). Students can satisfy this requirement either before or after enrolling at Cal State Fullerton, as outlined below.

Satisfying the Requirement Prior to Entry to Cal State Fullerton

Students can meet the second language graduation requirement by completing any one of the following options:

- Completion of study of a language other than English such that the total language instruction is equivalent to three years of high school study in the same language, calculating two semesters of high school instruction as the equivalent of one semester of college instruction.
- Completion of study of American Sign Language such that the total language instruction is equivalent to two years of high school study, calculating two semesters of high school instruction as equivalent to one semester of college instruction.
- Being awarded a high school diploma in which the language of instruction was not English or holding legal F or J non-immigrant status from a country whose official language is not English.
- Advanced Placement (AP) score of 3 or better in a foreign language/literature examination.
- Completion of an intermediate-level language course, including an articulated or equivalent course at a community college or university.
- Certification of intermediate proficiency by a recognized language authority.

Satisfying the Requirement After Enrolling at Cal State Fullerton

If proficiency has not been demonstrated through one of the above options, students must meet the second language graduation requirement by completing one of the following options:

- Completion of an intermediate-level course in a language other than English, such that the total language instruction is equivalent to three semesters of college instruction, calculating one semester of college instruction as equivalent to two semesters of high school instruction.
- Completion of an intermediate-level course in American Sign Language such that the total language instruction is equivalent to two semesters of college instruction, calculating one semester of college instruction as equivalent to two semesters of high school instruction.
- Passing an approved challenge exam in an intermediate-level course in American Sign Language or in a language other than English.
- Passing an intermediate-level proficiency skills test in any two of four skills (reading, writing, listening, and speaking) in a language other than English or comprehension and production in American Sign Language.
- Successful completion of an international study abroad program of one semester or more in duration in a program of study in which the language of instruction was not English.

**FUTURE TEACHERS**

Students planning careers in elementary, middle school, or high school teaching are encouraged to come to an information session provided by the Center for Careers in Teaching. A schedule of the information session is available in H-113 or on the web at http://www.fullerton.edu/cct.

Do not delay in seeking early advisement about a teaching career.
The university encourages all students to seek advisement each semester, well in advance of registration. Advisors in each major department and in the Academic Advisement Center (UH-123) assist students in making appropriate course selections and in planning a course of study. Students have the responsibility for taking advantage of opportunities for academic advisement provided by the various university offices and programs.

GENERAL EDUCATION ADVISEMENT

Students may obtain information about General Education requirements at the Academic Advisement Center (AAC). The AAC is also the academic home of the undeclared student.

- Students who began as freshmen at CSUF should bring their General Education Worksheets if they have received prior advisement in the AAC and/or their TITAN Degree Audit to each advisement session.
- Transfer students should always bring their Titan Degree Audit or Final Evaluation Summary of Units sheet.

The Final Evaluation and Summary of Units (blue sheet) was mailed to transfer students admitted prior to fall 2002.

MAJOR ADVISEMENT

Students who have declared a major should consult their departmental advisor well in advance of registration. Students who wish to explore the majors offered by a specific college should contact the appropriate college advisement office.

CONSIDER A CAREER IN THE TEACHING PROFESSION!

TEACHER PREPARATION PROGRAM

- Careful planning in the undergraduate years can significantly shorten the time it takes to earn the bachelor’s degree and teaching credential. It may be possible to begin the credential program prior to graduation.
- The Center for Careers in Teaching (H-113) assists students planning to be teachers.
- Attend a Center for Careers in Teaching seminar to learn the particulars about preparing for the teaching profession. Seminar schedules are posted at http://www.fullerton.edu/cct.

Teaching Elementary School and/or Special Education
Students planning to teach at the elementary level must complete a multiple subject credential program. Students planning to teach special education must complete the education specialist credential program. To prepare for entry into either of the CSUF programs, students should consider the following classes:

**Required Courses to Enter the Multiple Subject Credential Program**
- One Human Development Course: PSYC 361*, CAS 312*, CAS 315* or 325A + 325B (or the equivalent from another institution)
- * Satisfies GE Section IV-CHAD majors may not use CAS 312 for GE, PSYC majors may not use PSYC 361 for GE EDEL 315
- EDEL 325 (required for the Multiple Subject Credential Program only) (Satisfies GE Section III.C.2, V)
- SPED 371 (required for the Education Specialist Credential Program only)

**Recommended Courses**
- AMST 395 (Satisfies GE III.C.2, V)

- MATH 410 and/or BIO 453
- THTR 402A

Teaching Middle School and/or High School
Students who plan to teach at the middle school or high school level complete a single subject credential program. Each subject area (Art, Biology, Business Education, Chemistry, English, Modern Languages, Geology, History/Social Science, Math, Music, Physics, and Physical Education) requires specialized preparation, but all of the single subject credential programs share the following prerequisite courses:

- EDSC 310 The Teaching Experience (Exception: Music Education majors take MUS 394A/B and MUS 395A/B)
- EDSC 320 Adolescence (Satisfies GE Section IV) (Same as EDSC 386)
- EDSC 330 Instruction in Reading in the Secondary Schools
- EDSC 340 Multicultural Education in the Secondary Schools

- Don’t delay seeking advisement!
- Attend a Center for Careers in Teaching seminar to learn how to blend requirements for GE, major and credential program prerequisites. Next, come in for a personal academic planning session.
- If you are close to graduating or already hold a baccalaureate degree, attend an overview session offered by Admission to Teacher Education department to learn more about the elementary (multiple subject), secondary (single subject), or special education credential programs and their requirements. Call 278-3412 for dates and times.
ASSISTANCE FOR STUDENTS

If you are experiencing difficulty either academically or in your personal life, you should consult support groups on campus that may be able to assist you. Personal counseling is available from the Student Health and Counseling Center. If you are unsure of a career, you should consult with the Career Planning and Placement Center for special career counseling and interest testing. Other support services include: the Office of the Vice President for Student Affairs, Academic Appeals, Financial Aid, the Women's Center/Adult Re-entry, Dean of Students, the Writing Assistance Center, the Academic Advisement Center, and the Office of Admissions and Records.

AUDITING

The symbol AU identifies those instances where a student enrolled in a course for the purposes not requiring credit. An auditor must have the permission of the instructor, and may enroll only after students otherwise eligible to enroll in the course for credit have done so. Auditors pay the same fees as credit students; regular class attendance is not required. Once enrolled as an auditor, a student may not change to credit after the last day to add classes. A student enrolled for credit may not change to audit after the deadline published on the inside cover of this class schedule. An auditor does not take examinations in the course; therefore, there is no basis for evaluation nor a formal grade report.

CLASS ATTENDANCE

While class attendance is not recorded officially by the University, regular attendance in class is often essential to success in a course. Policy on class attendance is within the discretion of the individual faculty member, who shall announce the policy at the first class meeting of the semester.

It is especially important that students attend the first meeting of a class. Students absent from the first meeting without notification to the instructor or departmental office within 24 hours after class may be denied admission to the class. Instructors may deny admission to absentees to admit persons on waiting lists in their places. A student who registers for a class whose name appears on the first-day-of-class list should attend all class meetings the first week (five class days). If a student decides not to continue enrollment in a class, either before or after instruction begins, it is a student's responsibility to follow the appropriate procedures for dropping the class; however, if a student is absent without notifying the instructor or departmental office within 24 hours after any meeting missed during the first week, the student may be dropped administratively from the course by the instructor. Students should not assume that this will be done for them and should take the responsibility to ensure that they have been dropped by following the appropriate procedures for dropping classes. An instructor may also administratively drop a student who does not meet prerequisites for the course. These administrative withdrawals shall be without penalty.

CLOSED CLASSES

A departmental permit is required to add a closed class.

CONCURRENT ENROLLMENT

A student enrolled at one CSU campus may enroll concurrently for additional courses at another CSU campus only with advance written approval and by filing a concurrent enrollment form with the Office of Admissions and Records. Certain restrictions apply when a quarter-system campus is involved. Permission will not be granted when the study list in the proposed combined program exceeds units authorized for full-time study. Students may enroll concurrently at institutions outside the CSU system without special permission or forms.

CONTINUOUS ENROLLMENT-GRADUATE STUDENTS WITH MASTER'S DEGREE OBJECTIVES

A student with a graduate degree objective must maintain continuous enrollment (summer sessions and intersession excluded) until the degree is awarded.

A graduate student who finds it impossible to attend during a particular semester and is denied a formal leave of absence, may register in Graduate Studies 700, which gives no units of credit and does not require class attendance. Registration in Graduate Studies 700 is restricted to classified or conditionally classified graduate students.

A graduate student who fails to register, and who has not obtained approval for a formal leave of absence, has discontinued enrollment in the graduate degree program. If the student wishes to resume study, he or she must reapply for admission to the University and to the degree program.

End of Program Enrollment: students who have enrolled in all units required for the degree and are continuing to work on thesis, project or comprehensive exam preparation, are expected to maintain continuous enrollment by enrolling in GRAD 700 Continuous Enrollment (zero units) through regular registration or at a reduced fee through Extended Education. Students must submit a GRAD 700 Request Form signed by their program adviser before extended education registration forms will be released. Forms are available in the Graduate Studies Office, (MH-103) or from the departmental graduate program adviser.

If you are unsure as to which GRAD 700 applies to your situation, contact your program adviser.

CONTINUOUS ENROLLMENT OF TEACHING CREDENTIAL CANDIDATES

A postbaccalaureate student who has completed student teaching but must complete requirements for an elementary or secondary teaching credential and finds it impossible to enroll in courses for the credential during a certain semester may apply for a leave of absence or enroll in Credential Studies 701, which gives no unit credit and does not require class attendance.

COURSE OUTLINES

Course Outlines, which shall be compatible with approved course proposals on file in the Office of the Associate Vice President, Academic Programs, and with course descriptions in the University catalog, must be provided to students in writing within the first five days of instruction. Course outlines shall give detailed information on the following matters: (1) course material to be covered (e.g., reading list); (2) the grading policy for the course; (3) class assignments (e.g., term papers-length, due date, projects); and (4) examination dates and make-up policy, and the required or permissible materials or equipment which may be used in testing situations; (5) required or permissible materials and/or equipment, e.g., texts, materials, or equipment, including calculators, “software”, artistic materials, scientific apparatus, etc.

It shall be a normal and reasonable duty of each faculty member to provide these materials, in accordance with the outlined provisions. The faculty member shall also provide these materials to the department chair.

Faculty shall not be bound to adhere to their course outlines on a strict day-to-day basis, but should follow their outlines as much as reasonably possible.

After distribution of course outlines to students, major assignment or course requirement changes (e.g., additional term papers or examinations) must be announced to students with a reasonable timetable for completion.

DEGREE CANDIDATES

Candidates for the baccalaureate degree must pay the graduation and diploma fee and file a request for a degree check with the Office of Admissions and Records two semesters prior to the semester in which they anticipate completing all requirements for a degree. The form to accomplish this initial step, for those eligible, is available either at the Admissions and Records Service Center or at the Graduation Unit (LH-114). Undergraduate candidates for June 2007 and August 2007 must file the appropriate form with the Office of Admissions and Records on or before August 4, 2006 to receive an official check of remaining requirements prior to the spring 2007 semester.

Candidates for January 2007 master's degrees must pay the graduation and diploma fee and file a request for a graduation check with the Office of Admissions and Records on or before Friday, August 4, 2006.

Undergraduate students planning to graduate in January 2007 must have their graduation check forms signed by major department
A change in anticipated date of graduation may be reported by filing the necessary form with the Graduation Unit (LH-114). Graduation checks remain valid while the student remains in continuous attendance, even though the graduation date has been changed.

GRADE OPTIONS
The University uses a combination of traditional and nontraditional grading options as follows:

**Traditional**
Letter Grades: A, B, C, D, F

**Nontraditional**
CR - C (2.0) grade or better in undergraduate courses; B (3.0) or better in graduate courses.
NC - No credit

Students may indicate the grading option for each course when they register. They have until the deadline published in the front cover of the class schedule to change an option. A letter grade (A, B, C, D, and F) must be used by all undergraduate students for major, minor, and general education requirements. A letter grade (A, B, C, D, and F) must be used by graduate students for all required courses. Exceptions are those courses designed by the faculty to be graded Ltr Grd Only or CR/NC Only.

Students should know that there is a limitation on the number of courses which can be taken with the nontraditional grading option. A maximum of 36 units of credit/no credit courses, including those transferred from other institutions, may be counted toward the baccalaureate. No course with a grade of CR may be used for the master’s degree. A detailed description of the grading policy and definition of symbols used may be found in the current catalog.

INCOMPLETE AUTHORIZED (I)
The symbol ‘I’ (Incomplete Authorized) signifies that a portion of the required coursework for a class has not been completed and evaluated in the prescribed time period, due to unforeseen but fully justified reasons, and that there is still a possibility of earning a passing grade. It is the responsibility of the student to bring pertinent information to the instructor and to determine from the instructor the remaining course requirements which must be satisfied to remove the Incomplete. A final grade is assigned when the work agreed upon has been completed and evaluated.

An Incomplete must be made up within one year following the end of the term during which it was assigned. This limitation prevails whether or not the student maintains continuous enrollment. Failure to complete the assigned work will result in an Incomplete being changed to an IC symbol or an NC unless faculty member assigns a specific letter grade at the time the Incomplete is assigned which would replace the ‘I’ in the student’s record at the end of the one year deadline. Therefore, ‘I’ grades that were earned for the spring 2004 semester must be completed by June 3, 2005. ‘I’ grades assigned at the end of the fall 2004 semester must be completed by January 3, 2006.

The IC symbol counts as a failing grade for grade point average and grade point balance computations.

A grade of Incomplete may be given only when, in the opinion of the instructor, a student cannot complete a course during the semester of enrollment for reasons beyond the student’s control. Such reasons are assumed to include: illness of the student or of members of the student’s immediate family, extraordinary financial problems, loss of outside position, and other exigencies. In assigning a grade of ‘I’, the instructor shall file with the department, for future reference and student access, a Statement of Requirements for Completion of Course Work. The requirements shall not include retaking the course. The instructor will also designate a time limit (up to one year) for completing requirements. Upon request, a copy of the document will be furnished to the student. The statement of requirements will include an indication of the quality of the students work to date. This not only provides an interim evaluation for the student but assists the department chair in assigning a final grade in those instances where the instructor is no longer available. When specific requirements are completed, the instructor will report a change of grade. The responsibility for changing the Incomplete grade rests with the instructor.

INDEPENDENT STUDY
If you want to register in an independent study course, you must obtain written approval from the instructor and the department chair using the appropriate university form. During the semester, you and the instructor shall prepare a study plan and submit it to the department chair, or designee, for approval. The approved study plan shall be kept on file in the department or program office, and shall include a statement of the basis for final evaluation of the independent study.

You may not take more than six units of independent study at the undergraduate level in a given semester or apply more than nine units of independent study toward completion of the undergraduate degree. If you are a graduate student, you may not apply more than six units of independent study toward the completion of a graduate degree unless written approval is obtained by the appropriate college dean.

Lower division students normally enroll in Independent Study 299; upper division students in 499; and graduate students in 599, respectively. Independent study courses may be repeated.

INTERNSHIPS AND SERVICE-LEARNING
Location: LH-209
The Center for Internships and Service-Learning was established to offer students the opportunity to formally integrate academic knowledge and skills with practical experiences in business, not-for-profit and government agencies. These real world experiences will provide students with the opportunity to expand their knowledge, apply theories and skills learned in the classroom, preparing them for successful entry into the job market as well as developing them as socially responsible citizens. Additionally, students will have the opportunity for personal growth, leadership and professional preparation. Other valuable benefits of internships and service-learning are:

1. Gain work and service experience
2. Network and develop industry contacts
3. Solidify academic and career goals
4. Opportunity to earn money while learning
5. Explore various career options within a major
6. Earn academic credit

Each internship/service-learning placement is monitored by the site while faculty provide guidance to students, ensuring the academic integrity of the work or service experience.

Service-Learning Courses:
Students who wish to participate in service-learning courses should register for courses with an “S” designation in the class schedule. There are no restrictions.

Academic Internships (credit-bearing)
Students participating in internships must:
1. Be at least in the junior year of study
2. Be in good academic standing
3. Receive approval from the appropriate faculty coordinator
4. Enroll in the departmental internship/co-op course

In most departments up to three units of internship credits may be earned. There is no maximum for service-learning courses.

The center is open Monday-Friday from 8:00 a.m. to 5:00 p.m. The website is: www.fullerton.edu/CISL.

LEAVE OF ABSENCE - UNDERGRADUATES AND POSTBACCALAUREATE UNCLASSIFIED GRADUATE STUDENTS
A leave of absence may be granted based on certain documented extenuating circumstances and normally is granted for not more than one year. A leave of absence is not granted in order for a student to return to a community college to take coursework for financial or academic reasons. An approved leave of absence authorizes the student to return without reapplying to the university and continue under the catalog requirements prior to the absence. Undergraduate and postbaccalaureate unclassified graduate students on approved leaves of one year (two academic semesters) or less are eligible to register for the semester immediately following the end of the leave.

ADVISORY CAUTION
Undergraduate students who plan to pursue graduate or professional studies later are advised to be selective in opting for courses on a credit/no credit basis. As a general rule (advisory only), coursework that is preparatory or prerequisite to advanced specialized study should be completed and evaluated on a letter grade basis and not the student maintains continuous enrollment. Failure to complete the course during the semester of enrollment for reasons beyond the student’s control. Such reasons are assumed to include: illness of the student or of members of the student’s immediate family, extraordinary financial problems, loss of outside position, and other exigencies. In assigning a grade of ‘I’, the instructor shall file with the department, for future reference and student access, a Statement of Requirements for Completion of Course Work. This not only provides an interim evaluation for the student but assists the department chair in assigning a final grade in those instances where the instructor is no longer available. When specific requirements are completed, the instructor will report a change of grade. The responsibility for changing the Incomplete grade rests with the instructor.

INDEPENDENT STUDY
If you want to register in an independent study course, you must obtain written approval from the instructor and the department chair using the appropriate university form. During the semester, you and the instructor shall prepare a study plan and submit it to the department chair, or designee, for approval. The approved study plan shall be kept on file in the department or program office, and shall include a statement of the basis for final evaluation of the independent study.

You may not take more than six units of independent study at the undergraduate level in a given semester or apply more than nine units of independent study toward completion of the undergraduate degree. If you are a graduate student, you may not apply more than six units of independent study toward the completion of a graduate degree unless written approval is obtained by the appropriate college dean.

LEAVE OF ABSENCE - UNDERGRADUATES AND POSTBACCALAUREATE UNCLASSIFIED GRADUATE STUDENTS
A leave of absence may be granted based on certain documented extenuating circumstances and normally is granted for not more than one year. A leave of absence is not granted in order for a student to return to a community college to take coursework for financial or academic reasons. An approved leave of absence authorizes the student to return without reapplying to the university and continue under the catalog requirements prior to the absence. Undergraduate and postbaccalaureate unclassified graduate students on approved leaves of one year (two academic semesters) or less are eligible to register for the semester immediately following the end of the leave.
LEAVE OF ABSENCE - GRADUATE AND CREDENTIAL STUDENTS

Graduate degree or credential students may be granted leaves of absence, up to two consecutive semesters, which maintain their place in the university and in degree or credential programs (i.e., they do not have to reapply following the leave). A leave granted to a degree objective student also preserves the election of curriculum rights regarding catalog requirements. However, a leave granted by the university does not extend time limitations imposed by the State for completing specific credential requirements nor does it extend the time limit for completing the master’s degree.

Grounds for approval of a leave include: (1) illness or disability or similar personal circumstances including pregnancy; (2) activities which enhance a student’s professional career objectives; (3) active duty in the armed forces; and (4) other reasons at the discretion of the Director, Graduate Studies. An approved leave of absence authorizes the student to return and continue under the catalog requirements that applied to his or her enrollment for the absence. However, a leave granted by the university does not exempt the credential candidate from new requirements imposed by the State of California regardless of the student's catalog year.

The in the case of non-approved breaks in enrollment, reapplication for admission to the university and to the chosen degree or credential program will be required. A place in the degree/credential program or in the university will not be held for the student in these circumstances.

Library hours are subject to change and some areas have more limited service hours. For the latest information on library hours, call (714) 278-2633, or point your browser to: http://library.fullerton.edu.

NONDISCRIMINATION POLICY - A COMMITMENT VALUING DIVERSITY

It is the policy of California State University, Fullerton, to create and maintain an environment that values diversity, respects human dignity, is hospitable, equitable, tolerant, and in which all persons are free from all forms of invidious discrimination or discriminatory harassment. To this end, CSUF does not discriminate on the basis of race, color, ethnicity, ancestry, national origin, citizenship, religion, creed, sex, sexual orientation, marital status, pregnancy, age, disability or covered veteran’s status in the educational programs or activities it conducts. Such programs and activities include, but are not limited to, admission of students, employment, and intercollegiate athletes. Discrimination is prohibited by Title VI and VII of the Civil Rights Act of 1964, as amended, Title IX of the Education Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, the Vietnam Era Veterans Readjustment Act, and the Americans with Disabilities Act of 1990 including all subsequent amendments and administrative regulations adopted thereunder by the Department of Education and Department of Labor.

OPEN UNIVERSITY ENROLLMENT

Open University enrollment provides an opportunity for people who are not currently admitted to Cal State Fullerton to enroll in undergraduate and graduate-level classes. In fall and spring, registration is on a space available basis after classes have started. In summer, special registration provision may be made for students enrolled in Open University courses to enroll before classes start. Information packets are available from University Extended Education (UUE) in CP-100, the UUE Academic Advisor Lyn Richie-Walker in UH-123, or the forms section on www.csufextension.org. Open University students are required to contact the UUE Academic Advisor Lyn Richie-Walker (UH-123, 714-278-7645) prior to registering. Credit earned through Open University is designated as special session credit. A maximum of 24 special session credits may count toward a bachelor’s degree. Special session credit earned through Open University may not be used to fulfill the residence requirements (30 semester units) for a bachelor’s degree. For graduate degrees, normally 6 to 9 units may apply. More units of credit may apply for graduate degrees which require more than 30 units. Please consult the graduate department advisor. Disqualified (DQ) students may not enroll in more than six (6) units per academic term. Participation in Open University enrollment does not constitute admission to the university.

REPETITION OF COURSE POLICY

Undergraduate students may repeat courses at California State University, Fullerton for which C- (1.7) or failing grades were earned either at CSUF or other institutions. In repeating such courses, the traditional grading system shall be used. In computing the grade point average of a student who repeats courses in which he or she received a C- (1.7) or failing grades, only the most recently earned grades and grade points shall be used for the first 16 units repeated.

In exercising this option, an undergraduate student must repeat the course at this campus and request application of this policy when a course has been repeated. This should be accomplished using the appropriate form, immediately following the term in which the course has been completed, so that the student’s grade point average can be revised. In the case of any repetition beyond the 16-unit limit or in courses for which a C (2.0) or better grade was awarded, both grades are considered in computing grade point averages. Successful repetition of a course original grade(s) and grade points will be used in computing the grade point average; however, the original WU grade(s) will remain on the permanent record. This policy applies only to grades earned during the first semester in which WU grades are received. Repeated courses may be taken at Cal State Fullerton using the traditional grading system. Students who have successfully repeated a WU-graded course must notify the Admissions and Records office using the appropriate form if they wish to apply.

SEXUAL HARASSMENT POLICY

It is the policy of California State University, Fullerton to maintain a working and learning environment free from sexual harassment of its students, employees and those who apply for student or employee status. Sexual harassment is illegal under Title VII of the Civil Rights Act of 1962, Title IX of the Higher Education Amendments of 1972, and the California Education Code 89535. Executive Order 927-Systemwide Policy on Prohibiting Harassment in Employment and Retaliation for Reporting Harassment or Participating in a Harassment Investigation also prohibits sexual harassment within the California State University System. The university will not tolerate sexual harassment and will take action to eliminate such behavior. Information concerning campus sexual harassment policies and procedures can be obtained from the Office of Diversity and Equity Programs, College Park 700, (714) 278-3951 or www.fullerton.edu/diversity/policies.asp.

SMOKING POLICY

I. Policy Statement

To mitigate well-established health risks associated with exposure to secondhand smoke, the California State University Board of Trustees delegated authority to campus presidents to adopt rules regulating smoking on campuses. At California State University, Fullerton, smoking is prohibited in any:

- Building owned, leased or rented by the University or one of its auxiliaries, whether located on or off campus.
- Outdoor area (for example a patio, balcony, courtyard or atrium) within 20 feet of any building. Smoking is permitted beyond 20 feet in outdoor areas unless otherwise posted.
- Vehicle owned, leased or rented by the University or one of the University’s auxiliaries.

II. Existing State Guidance & Development Considerations

The State of California prohibits smoking in all public buildings and other enclosed areas. A management authority to issue this Policy is based on Title 5, California Code of Regulations, Section 42356; State of California Executive Order W-42-93; State Government Code Section 19994.31;
III. Scope
This Policy applies to all University faculty, staff, students and visitors, as well as the areas noted in Section I above. Smoking is permitted in University-sponsored Theater and Dance productions only if smoking is listed in a script as a required part of a performance. Smoking is permitted in student-authored or student-sponsored scenes, showcases or workshops only if produced as part of the University’s Department of Theatre and Dance Season. Entertainment productions and other presentations in the Titan Student Union are not exempt from this Policy; however, the Executive Director of the Associated Students may grant an exemption when smoking is listed in the script as a required part of a performance.

IV. Definitions
“Smoking” is defined as inhaling, exhaling, burning, or carrying a lighted cigarette, cigar, pipe or other apparatus used to smoke tobacco or any other organic or non-organic material.

V. Implementation
The Office of Environmental Health and Instructional Safety will provide faculty, staff, students and visitors with notice of this Policy through signs, information campaigns or other publications. Supervisors are responsible for informing employees of this Policy.

VI. Accountability
Faculty, staff and students violating this Policy are subject to appropriate disciplinary action pursuant to the applicable collective bargaining agreement and/or administrative policies or procedures. Violations should be reported to the appropriate administrator, Environmental Health and Instructional Safety at 278-7233 or Risk Management at 278-7346.

This Policy is effective as of April 3, 2003, and supersedes all previous University smoking policies. Contacts for questions regarding this Policy are the Director of Environmental Health and Instructional Safety and the Director of University Risk Management.

SOCIAL SECURITY NUMBER & STUDENT IDENTIFICATION NUMBER
Applicants are required to include their correct social security numbers (taxpayer identification numbers) in designated places on applications for admission pursuant to the authority contained in Section 41201, Title 5, California Code of Regulations, and Section 6109 of the Internal Revenue Code. The Internal Revenue Service requires the University to file information returns that include the student’s social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes. The social security number is also required by the Franchise Tax Board for collection of returned checks.

For other records and services, the university uses an assigned Campus Wide Identification number (CWID), also referred to as an SID (Student Identification Number), as the student’s account number. For more information on CWID see page 4. A student’s TitanCard number is not his or her identification number.

Students are required to write their student identification numbers on personal checks submitted for any payment to the University. Payment by personal check is consent by the student for the University to write the student’s identification number on the check if it is not referenced. If a student prefers that his or her student identification number not be on the check, then the student must submit payment by cashier’s check, money order, or, when appropriate (other than mail-in or drop-off registration), cash. Use of the student identification number assures credit to the correct student university account.

STOP-OUT POLICY

TRANSCRIPTS  
A single copy of a transcript requires a fee of $4 paid in advance. (Additional transcripts prepared at the same time are $2 each.) Because of the large number of transcripts requested at the end of each regular semester, three weeks should be allowed for requests to be processed. At other times, transcript requests are processed within one week, as a general rule. Transcript request forms are available at the Admission and Records Service Center, LH-114. Immediate, over-the-counter transcript service cannot be provided except on an emergency basis.

VETERANS  
Veterans may obtain information concerning application for benefits, registration, and adjustments in status from the Veteran's/Special Programs Unit in LH-116. New, returning, and transfer student veterans should consult the Veteran's/Special Programs Unit to complete the necessary documents to receive VA benefits. Call (714) 278-2373 for hours representative is available.

VOLUNTARY STUDENT HEALTH INSURANCE  
Students wishing to obtain voluntary student health insurance may do so at the Associated Students Office. Although neither CSUF nor the Associated Students Office can endorse any particular policy, the staff does negotiate for a policy that offers the best coverage at the lowest possible cost. Students should seriously consider health insurance since it enables them to obtain needed medical services without having to be concerned about the rising cost of medical services. The staff of the Associated Students Office will be pleased to answer any questions about the insurance policy (714) 278-2401.

WITHDRAWAL, UNOFFICIAL (WU)  
Students who discontinue course participation without formally filing a withdrawal notice with the university shall be considered to have withdrawn unofficially from the course. Such action by the student will result in a final grade of WU (Withdrawal Unauthorized) or NC, depending on the grade option elected. For purposes of grade point average computation, the WU symbol is equivalent to an F. Students will be held responsible and billed for fees not yet paid.

Students may petition for retroactive withdrawal from individual courses or from an entire semester, provided that they can document both the serious and compelling reasons or circumstances that required the withdrawal and the date of such withdrawal. Such petitions must be filed within 30 days after the first class day of the following semester. If it is determined that retroactive withdrawal is justified, a grade of W will be assigned and the negative effect of the WU grade will be removed from the grade point average. Forms are available at the Admissions and Records Service Center, LH-114.

WITHOLDING OF SERVICES FOR NONPAYMENT OF DEBTS  
The Board of Trustees has authorized the withholding of certain services for nonpayment of debts owed the University. Debts include unpaid obligations for loans, services, use of facilities or equipment, materials, food or merchandise. Services which may be withheld include permission to register in a subsequent term, use of facilities, and other services or materials for which a fee is authorized to be charged (i.e. transcripts, parking, lab fees, etc.).

### Grade Point Average Requirements for Graduate Students

An average GPA of at least 3.0 based on **all courses attempted to satisfy requirements for the master's degree.** This average applies to:

- All 400- and 500-level units attempted subsequent to admission to a degree program; and
- All units required on the student’s graduate study plan including transfer courses.

[Departments may have additional grading standards for graduate programs - consult your graduate advisor.]

### Repetition of Course Policy

Undergraduates may repeat courses at CSUF for which a “C minus” (1.7) or lower were earned. [Refer to the catalog for complete description of Repetition of Course Policy.]

### Credit / No Credit Grading Option

*For undergraduate students,* “Credit” is awarded for work equivalent to all grades which earn 2.0 or more grade points (“A+” thru “C”). “No Credit” is awarded for work equivalent to all grades which earn less than 2.0 grade points (“C minus” thru “F”).

*For graduate students,* “Credit” is awarded for work equivalent to all grades which earn 3.0 or more grade points (“A+” thru “B”). “No Credit” is awarded for work equivalent to all grades which earn less than 3.0 grade points (“B minus” thru “F”).

### Plus / Minus Grades and Transfer Admissions

In determining transfer admissibility, the transcripts of applicants for admission will be evaluated and grade point average(s) calculated based on the grade points assigned by the CSUF grading policy, e.g. a grade of B+ awarded at Cypress College will be calculated for admissions purposes as being worth 3.3 grade points per semester units.

Plus and minus grading will have no effect upon the admissions applicability of community college coursework that has been general education “certified” by California community college(s) as per CSU Executive Order 595.
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They are:

1. The right to inspect and review their educational records.
2. The right to request the amendment of their education records to ensure that they are not inaccurate misleading or otherwise in violation of their privacy or other rights.
3. The right to consent to disclosures of personally identifiable information contained in their education records, except to the extent that FERPA authorizes disclosure without consent. FERPA permits disclosures without consent to “school officials” with “legitimate educational interests.” “School officials” include university employees (including law enforcement unit and health personnel); agents of the University (such as an attorney or collection agent); or individuals, including students, serving on official committees or assisting a school official perform his/her tasks. A school official has a “legitimate educational interest” if the official needs to review an education record to fulfill his/her professional responsibility. Upon request, the University discloses education records without consent to officials of another school in which a student seeks to enroll. California State University, Fullerton has designated as “Directory” information a student’s name, date and place of birth, permanent and local address, university-recognized e-mail address(es), photograph, telephone number, class level, enrollment status, major, minor, dates of attendance, degrees and awards received, previous educational institutions attended, past and present participation in recognized activities, and weight and height if an athletic team member. Unless restricted by the student, the campus may release Directory information at any time to any requesting party, including the military and for the development of university-affiliated marketing programs. Students may choose to limit the release of their Directory information in one of four ways:

   (A) Permit release of all Directory information for any purpose. No further action by the student is required.
   (B) Permit release of only “Verification” information. This sub-category of Directory information consists of a student’s name, class level, enrollment status, major, minor, degrees and awards received, dates of attendance, and university-recognized e-mail address(es). The University will release this information for classroom use; in response to requests, including those from financial lenders, employers or insurance companies for verification of degree and enrollment information; and for inclusion in Commencement and honors materials. Students who release only “Verification” information will be excluded from all university directories.
   (C) Permit release of only “Class” information. This sub-category of Directory information consists of a student’s name, major, minor, degree and awards received, and university-recognized e-mail address(es). The University will release this information for classroom use and for inclusion in Commencement and honors materials. Students who release only “Class” information will be excluded from all university directories, and the University will not respond to requests, including those from financial lenders, employers or insurance companies, for verification of degree, dates of attendance or enrollment status.
   (D) Withhold the release of all Directory information. Withholding the release of all Directory information means that the student will be excluded from all university directories and publications, including Commencement and honors materials, and the University will not verify degree, dates of attendance or enrollment status without the prior written consent of the student.

Students may select at any time, the level of release by logging on to www.fullerton.edu/titanonline or visiting the Admissions and Records Service Center located in room 114 on the first floor of Langsdorf Hall. Unless a student designates otherwise, the university will assume that a student has chosen to permit access to their Directory Information for any purpose.

4. The right to file with the U.S. Department of Education a complaint concerning alleged failures by California State University, Fullerton to comply with the requirements of FERPA. The Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

ENGLISH PLACEMENT TEST (EPT)
All new undergraduate students entering the California State University are required to take the English Placement Test (EPT) except those who qualify for an exemption as described below. **If you are not exempt, you must take the EPT prior to enrolling in your first semester.** Failure to take the EPT prior to your first semester will cancel your registration eligibility for classes.

- If you score between **145-150** on the EPT, CSUF compliance policy requires that you register for English 101 during your first semester of enrollment.
- If you score between **120-144** on the EPT, CSUF compliance policy requires that you strengthen your English skills during your first semester of enrollment in an approved class, i.e., English 99 or ENGL 099M. Failure to complete the basic English skills in two semesters will result in the student being disenrolled. Please contact the **INTENSIVE LEARNING EXPERIENCE (ILE)** office in UH-133 or telephone (714) 278-7236.

It is mandated that **freshmen** and **sophomores** who score between 120-144 are required to participate in the **INTENSIVE LEARNING EXPERIENCE (ILE)** program and enroll in English 099 or ENGL 099M, depending on the test score. **Failure to complete the basic English skills in two semesters will result in students being disenrolled.** In addition, any student enrolled in ENGL 099 or ENGL 099M is required to make one (1) appointment with the ILE by November 1, 2006. Contact the ILE office in UH-234 or telephone (714) 278-7236.

The English Placement Test (EPT) is given in conjunction with the Entry Level Mathematics (ELM) exam. Students may take the test(s) at the most convenient CSU campus. Many campuses have online registration available. Go to the CSU EPT/ELM Information Bulletin at [http://www.ets.org/csu](http://www.ets.org/csu) for a complete list of EPT and/or ELM test dates and registration procedures on all the CSU campuses.

If you wish to take the EPT at Cal State Fullerton, online EPT and/or ELM registration is available. To register for the EPT at Cal State Fullerton, go to Testing Services’ website at [www.fullerton.edu/testing](http://www.fullerton.edu/testing). **Students cannot repeat the EPT.**

To take the EPT, you must **bring a check or money order for $18** (payable to Educational Testing Service) to the testing site on the day of the exam. Cash will not be accepted. If you plan to take the English Placement Test (EPT) and Entry Level Math (ELM) on the same day, you may bring one check or money order in the amount of $36 (payable to Educational Testing Service). **No student will be tested without proper payment and picture identification.** For further information, refer to the English Placement Test and Entry Level Mathematics Examination Information Bulletin or visit Testing Services’ Web site at [http://www.fullerton.edu/testing](http://www.fullerton.edu/testing).

**ENTRY LEVEL MATHEMATICS EXAMINATION (ELM)**
The Entry Level Mathematics Examination is the mathematics placement test required by the CSU of undergraduate students who have not already earned credit for one or more college level general education course(s) in mathematics. All new undergraduate students entering the California State University are required to take the Entry Level Mathematics Examination (ELM) except those students who qualify for exemption as described below. The ELM is a basic skills examination that will determine if you are prepared for college level courses that require a reasonable amount of mathematics. **If you are not exempt, you must take the ELM prior to your enrollment in the University.** Failure to take the ELM (or become exempt) prior to your first semester will cancel your registration eligibility for classes.

Students who have taken the ELM at one CSU campus are not required to retake the ELM if they earned a passing score. They should inform their evaluator when they took the exam.

To be exempt from the ELM, students must have:
- Placement in the "unconditionally exempt" category on the Early Assessment of Readiness for College Mathematics taken in conjunction with the 11th grade California Standards Test in High School Mathematics or Algebra II.
- Placement in the "conditionally exempt" category on the Early Assessment of Readiness for College Mathematics taken in conjunction with the 11th grade California Standards Test in High School Mathematics or Algebra II PLUS successful completion of a CSU-approved math or math-related course or activity taken before you enroll at a CSU campus.

for transfer students, completion and transfer to the CSU of a college course that satisfies the requirement in Quantitative Reasoning, provided such a course was completed with a grade of C (2.0) or better.

It is mandatory the freshmen and sophomores who score 30 or below are required to participate in the Intensive Learning Experience (ILE) program by enrolling in MATH 30A the first semester, followed by MATH 30B the second semester. In addition, any student enrolled in MATH 30A/MATH 30B is required to make one (1) appointment with ILE by November 1, 2006. Contact ILE in UH-234 or call (714) 278-7236.

Failure to complete the basic Mathematics skills in two semesters will result in students being disenrolled. Students who do not pass the ELM may gain access to required university general education mathematics courses via any of the following methods if completed prior to their first semester of enrollment at CSUF:

⇒ pass with a “C” (2.0) or better a course in Intermediate Algebra offered by an accredited college - once the ELM has been taken bring an official transcript to Langsdorf Hall, Room 114, Attention Nancy J. Dority
⇒ retake/pass the ELM
⇒ complete one or more lower level mathematics course(s) and retake/pass the ELM
⇒ Complete course(s) offered by the CSUF Intensive Learning Experience (ILE), MATH 30A, MATH 30B or MATH 40

The Entry Level Mathematics (ELM) is given in conjunction with the English Placement Test (EPT). Students may take the test(s) at the most convenient CSU campus. Many campuses have online registration available. Go to the CSU EPT/ELM Information Bulletin at http://www.ets.org/csu for a complete list of ELM and/or EPT test dates and registration procedures on all the CSU campuses.

If you wish to take the ELM at Cal State Fullerton, online ELM and/or EPT registration is available. To register for the ELM at Cal State Fullerton, go to Testing Services’ website at www.fullerton.edu/testing.

To take the ELM, you must bring a check or money order for $18 (payable to Educational Testing Service) to the testing site on the day of the exam. Cash will not be accepted. If you plan to take the Entry Level Math (ELM) and the English Placement Test (EPT) on the same day, you may bring one check or money order in the amount of $36 (payable to Educational Testing Service). No student will be tested without proper identification. For further information, refer to the English Placement Test and Entry Level Mathematics Examination Information Bulletin or visit Testing Services’ Web site at http://www.fullerton.edu/testing.

UPPER DIVISION BACCALAUREATE WRITING REQUIREMENT:
UPPER DIVISION WRITING COURSES AND JUNIOR LEVEL EXAMINATION IN WRITING PROFICIENCY (EWP)
The university requires that all students completing bachelor’s degrees under 1980-81 and later catalog requirements demonstrate writing ability acceptable for graduation. The upper division writing requirement has two parts; you must satisfy each:

• An Upper Division Course. Based on your specific major, you are required to either pass a specially designated upper division course of at least three semester units or pass two or more courses for a total of at least six units.

• The Junior Level Examination in Writing Proficiency (EWP). The university faculty requires that you pass the EWP, which has been especially designed to measure writing ability.

The Course-The University Board on Writing Proficiency must certify the course or courses that each major department designates to fulfill the requirement. Departments and programs may specify either a single course of at least 3 units which involves intensive instruction in writing, or two or more courses (a total of at least 6 units) in which you are required to write one or more lengthy papers or several shorter ones, which involve the organization and expression of complex ideas. In these courses, you will be given careful and timely evaluations of your writing and suggestions for improvement. An assessment of your writing competence will be included in determining your final course grade. You must pass these courses with a grade of C or better.

Credit in English 199 will be equivalent to passing the examination. This course will not count toward graduation requirements, nor will it satisfy the upper division writing course requirement described above.

The Junior Level Examination in Writing Proficiency (EWP) consists of an essay. Testing Services will offer the EWP at the following times:

After you logon the Student Portal, select the "TITAN Online" tab. Your EWP Registration Confirmation and information should appear next to your class list. Standby registration on the day of the exam is allowed on a space-available basis for a higher fee ($30). Admission is not guaranteed.

If you are unable to attend a test session for which you are registered, contact Testing Services (714-278-2017) at least 24 hours before the test date to transfer your registration to another test date or to receive a partial refund.

Sabbath observers and students who require special test accommodations due to a documented disability must make special arrangements with Testing Services (UH-229) before the registration deadline.

Petitions - In certain cases, you may present a petition to the board for exemption from or modification of the requirement.

1. If you are a transfer student or a candidate for a second baccalaureate, you may be certified as meeting the requirement after you submit to the board acceptable evidence showing that you have completed the equivalent to CSUF’s upper division requirement.

2. You may petition the board for substitution of an alternative to the Examination in Writing Proficiency when exceptional circumstances, such as a clinically identified learning disability, make the examination inappropriate. Such petitions must include documentation of the special circumstances and propose specific alternative means of demonstrating writing proficiency.
# GENERAL EDUCATION REQUIREMENTS

## UNIT REQUIREMENTS

51 total units, including:
- 9 units of upper-division taken as a junior or senior
- 9 units at CSUF
- 3 units in cultural diversity (courses marked with an asterisk *)
- 9 units maximum from a single department, excluding any units associated with the courses used to meet Category I, Core Competencies, requirements
- Each course counts in one category only, except those meeting Category V (cultural diversity)

## ACADEMIC STANDARDS

- Letter grade required
- “C” (2.0) or better in Categories I.A,B,C and III.A.1 (Note:
- A grade of C- (1.7) is not sufficient to fulfill these requirements)
- CR/NC allowed if it is the only grade option available

## COURSES IN YOUR MAJOR

- Courses offered by the department of the student’s major may NOT be used to fulfill the unit requirements of III or IV with the exception of categories offering choices from only one department.
- Courses that are cross-listed meet general education requirements for all majors except those in the home department of the cross-listed course. The “home” department is the one under which the course description appears in the catalog and is underlined on the GE list in the class schedule. For example, Afro-Ethnic is the “home” department for Afro-Ethnic Studies 311/Human Services 311; therefore, it may not be used by Afro-Ethnic majors to meet G.E. requirements.

IMPORTANT INFORMATION FOR ENGINEERING MAJORS

Engineering majors will complete general education requirements in the Engineering Handbook instead of the above requirements.

The handbook may be obtained from the Engineering Department in E-100.
“Minicourses” are generally five weeks long and offered during four sessions throughout the semester. “Shortcourses” can last anywhere from two days to several weeks, but are shorter in length than the semester and generally within the semester dates. Course meeting information is listed with the departmental class offerings, under the footnotes. Shortcourses are not listed below, because many of these courses are for a select group of students and are usually held at off-campus locations. If you are enrolled in a shortcourse, check with the department offering the course for information about deadlines.

Although some of the classes listed start on dates that are later in the semester, students should pre-register, during TITAN I or TITAN II. Not enrolling early may cause a class to be cancelled due to low enrollment. Students who register, add, or drop these courses after the fall semester begins must follow the published procedures in this schedule. Forms and/or information needed to complete the process may be obtained from the Admissions and Records Service Center, located in LH-114. Information is also available by calling the Admissions and Records Helpline at (714) 278-7601.

After the first time you access TITAN Online and register for classes, you must make your first payment before you will be allowed to make any changes to your class schedule (add, drop or change classes). You will receive an email confirmation of all credit card payments made on the Web. If you do not receive a confirmation of your credit card payment within two days, your transaction may not have been processed. If this happens, contact Student Financial Services at SFS@fullerton.edu.

IVR - Interactive Voice Response Phone Payment System allows you to register via the telephone system (IVR) at (714) 278-7902 and then make a payment at (714) 278-2121 by a specified due date after registering. You will automatically be transferred to TITAN Express, the credit card payment system. NOTE: Fee rates for the 2006-07 academic year are based on the fee rates proposed in the Governor’s Budget. The governor bought out fee increases approved by the CSU Board of Trustees at their October meeting and maintained CSU fee rates at 2005-06 levels. The cost of this fee buy-out is $54.4 million. The fee rates included in the governor’s budget proposal must be approved by the legislature; consequently it is possible that fee rates ultimately required for the 2006-07 academic year may be more that the rates billed at this time. If rates are increased in the budget that is enacted for the 2006 fiscal year, student will receive a supplemental billing in the amount of the difference. The Board of Trustees have approved fee increases for 2006-07 that are 8 percent above fee rates charged undergraduate students in 2005-06 and 10 percent above fee rates that were charged students enrolled in teacher credential programs and graduate/postbaccalaureate programs in 2005-06.

RESIDENTS: If you are a resident of the state of California as defined by state law, find your total basic registration fees due above, and pay that amount prior to registering for classes.

NON-RESIDENTS: If you are not a resident of California, you must add $339.00 to your basic registration fees for each unit of credit you take. The total Non-resident Tuition fee charged a student in an academic year shall not exceed $10,170.00, effective Fall 2006. Non-resident students may not be charged full tuition in a Spring term if they have registered in an excess of 30 units for the Fall 2006 and Spring 2007 terms combined.

TO CALCULATE YOUR FEES:

A. Find your TOTAL BASIC REGISTRATION FEES in the table above.

B. Multiply the number of units you will take by $339.00.

\[ \text{No. of Units} \times 339.00 = \]

C. Add A and B to get your TOTAL FEE PREPAYMENT DUE.

You may not be able to participate in TITAN registration if you do not comply

PLEASE READ CAREFULLY:
NON-RESIDENT/FOREIGN STUDENTS

Applications and requests must be submitted according to the guidelines below.

Please note: Late submission of tuition and/or fee payment may result in late fees being assessed and pre-payment will be required if you do not register during TITAN I. Additionally, there may be a delay in processing your documents.

If an embassy or other organization will pay your tuition and fees, you must submit a current letter of financial guarantee at least three (3) business days prior to your TITAN appointment. If this letter is not received prior to TITAN II registration, pre-payment is required for all courses taken.

Pre-payment of fees is required during TITAN II. You will need to determine the number of units you plan to take that semester and pay for the units prior to actually registering. Titan Online can calculate the correct pre-payment amount due under the Student Fees/Prepayment tabs. You may make pre-payments over the web at TITAN Online, via the telephone registration system, or in person at Student Financial Services (UH-180). Payment over the web allows you to print out an official CSUF receipt for your records. An e-mail confirming your payment will also be sent to the e-mail address you specify.

The deferred payment plan (DPP) is available and acceptance into this program will limit the actual amount of fee payment required prior to registration. Students 18 years of age and over can sign up for the DPP at Titan Online under Student Fees/Deferred Payment Plan. Students under 18 years of age, can use the form in the back of this class schedule and complete with parent information. See colored pages at the end of the class schedule for additional details and charges for the non-resident deferred payment plan.

Students who apply for DPP via Titan Online will be enrolled in the plan and be able to register immediately. Refer to “Fee Payment Instructions” and “Miscellaneous Information” on pages 48-50 and 53 for more information.

Failure to pay any deferred payments with the appropriate service charge by the scheduled date in your agreement may result in disenrollment from courses.

Basic Fees must be paid at the time of registration for all non-resident students whether registering during TITAN I or TITAN II. These fees must be paid prior to registering during TITAN II, even if you are on the deferred payment plan. See page 48-50 of this class schedule for detailed fee information.

If you completely withdraw from classes at any time up through October 25, 2006, you will automatically be sent a pro-rated refund, less non-refundable fees ($11) and a processing fee ($5). If you reduce your status to six (6) or fewer units during the campus designated add/drop period which ends September 5, 2006, you will automatically be sent a refund of the difference between full-time and part-time fees, less the corresponding non-resident tuition, less a processing fee. Parking permits are NOT refunded automatically and must be turned in to the Parking and Transportation Services Office by the posted filing deadlines (see page 54) for refund percentage. State regulations regarding refunds have changed, effective fall 2002, please see page 55 of this

The University uses the social security number to identify students and their records including to identify the student for purposes of financial aid eligibility and disbursement and the repayment of financial aid and other debts payable to the institution. Also, the Internal Revenue Service requires the University to file information returns that include the student's social security number and other information such as the amount paid for qualified tuition, related expenses, and interest on educational loans. This information is used by the IRS to help determine whether a student, or a person claiming a student as a dependent, may take a credit or deduction to reduce federal income taxes.

First day to purchase parking permits via TITAN Online at [www.fullerton.edu/titanonline](http://www.fullerton.edu/titanonline) or TITAN Express at (714) 278-2121.

**August 8, 2006**  
Last day to purchase a parking permit and have it mailed to you. Payment must be made via TITAN Online (web or phone), received by postal mail, or placed in the drop-box by 5 PM. Avoid long lines by purchasing a parking permit through TITAN Online. If paying by mail, please indicate on your payment coupon that you are requesting and paying for a parking permit.

Parking permits will be mailed to your official address on record (refer to “IMPORTANT NOTICES TO ALL STUDENTS”, page 4, for additional information about mailing addresses). CSU Fullerton is not responsible for decals lost in the mail.

**August 9, 2006**  
First day to purchase a parking permit in-person at Student Financial Services, UH-180; prior to this date, permits may be purchased via TITAN (web or phone), mail, or drop-box only (permits will be mailed).

**Note:** Parking permits are NOT refunded automatically and must be turned in to the Parking Office, T-1400, to receive a refund. Requests for parking refunds must be made by the person to whom the permit is assigned. For more information regarding parking fees and refunds, go to [www.parking.fullerton.edu](http://www.parking.fullerton.edu).
REGISTRATION FEE REFUNDS: Students who completely withdraw from classes at any time up through October 25, 2006, will automatically be sent a pro-rated refund, less non-refundable fees ($11) and a processing fee ($5.00). Students who reduce their status to six (6) or fewer units during the campus designated add/drop period which ends September 5, 2006, will automatically be sent a refund of the difference between full-time and part-time fees, less a processing fee ($5.00). Refund processing will begin after September 18, 2006. Note: for check payments, refund will not be generated until six weeks following the deposit of the student’s check unless the student presents a bank copy of their cancelled check.

Students will also receive a refund of mandatory fees, including non-resident tuition under the following circumstances:
- The tuition and mandatory fees were assessed or collected in error;
- The course for which the tuition and mandatory fees were assessed or collected was cancelled by the University;
- The University makes a delayed decision that the student was not eligible to enroll in the term for which mandatory fees were assessed and collected and delayed decision was not due to incomplete or inaccurate information provided by the student, or;
- The student was activated for compulsory military service.

Students who are not entitled to a refund as described above may petition the University for a refund demonstrating exceptional circumstances. The Chief Financial Officer of the University or his/her designee may authorize a refund if he or she determines that the fees and tuition were not earned by the University. An Application to Appeal for Refund of Fees form is available at the Admissions and Records Service Center (LH-114) or the Student Financial Services Office (UH-180). Any documentation to support a refund appeal MUST be submitted with the appeal form.

REFUNDS FOR FINANCIAL AID RECIPIENTS: Refunds will be processed automatically for students who are financial aid recipients and reduce units to 6 or fewer by the add/drop deadline, September 5, 2006. Refunds are also automatically processed for students withdrawing completely from the University, and are based on a pro-rated formula up through October 25, 2006. According to federal regulations, refunds for financial aid recipients are refunded directly to the financial aid programs before any refund is issued to the student. Refund processing will begin after September 18, 2006. Information concerning any aspect of the refund of fees may be obtained from Student Financial Services (UH-180), or e-mail your questions to studentrefund@fullerton.edu.

FEES AND DEBTS OWED TO THE INSTITUTION

Should a student or former student fail to pay a fee or a debt to the institution, the institution may “withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt” until the debt is paid (see Title 5, California Code of Regulations, 42380 and 42381). Prospective students who register for courses offered by the University are obligated for the payment of fees associated with registration for those courses. Failure to cancel registration in a course for an academic term prior to the first day of the academic term gives rise to an obligation to pay student fees including any tuition for the reservation of space in the course. The institution may withhold permission to register or to receive official transcripts of grades or other services offered by the institution from anyone owing fees or another debt to the institution. If a person believes he or she does not owe all or part of an asserted unpaid obligation, that person may contact Student Financial Services at SFS@fullerton.edu. Student Financial Services or another office on campus to which Student Financial Services may refer the person, will review all pertinent information provided by the person and available to the campus, and advise the person of its conclusions.

CANCELLATION OF REGISTRATION OR WITHDRAWAL FROM THE INSTITUTION

Students who find it necessary to cancel their registration or to withdraw from all classes after enrolling for any academic term are required to follow the University’s official withdrawal procedures. Failure to follow formal University procedures may result in an obligation to pay fees as well as the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on canceling registration and withdrawal procedures is available from the Admissions and Records office.

Students who receive financial aid funds must consult with the Office of Financial Aid prior to withdrawing from the University regarding any required return or repayment of grant or loan assistance received for that academic term or payment period. If a recipient of student financial aid withdraws from the institution during an academic term or a payment period, the amount of grant or loan assistance received may be subject to return and/or repayment provisions.

Similarly, if a recipient of financial aid does not withdraw officially from all classes, but completes zero units for credit (i.e., no passing grades received), the student will be considered to have “ unofficially withdrawn” from classes and the grant or loan amount received may be subject to return and/or repayment provisions repayment.

1. On the following pages are listed all classes being offered for the fall semester 2006.

2. All class schedule entries are subject to change without prior notice. The scheduling office distributes a listing of added and cancelled classes to all academic departments, the Academic Advisement Center, the Daily Titan, and other university offices prior to the first day of classes.

3. The faculty member shown in the “faculty” column of this class listing is a tentative assignment depending on schedule adjustments required by circumstances during registration.

4. Footnotes - The column identified as “Footnote” indicates special information of significance for the student. Explanation of each footnote appears at the end of each departments class listings. Some classes have prerequisites while others require permission of the department or an instructor as noted under “Footnotes”. If you are selecting one of these courses, be sure that you have met the prerequisites or have obtained the required permission. The fact that you may be scheduled for such a class does not imply that permission to enroll has been granted.

5. Code Numbers - The five-digit code number follows the section number and is listed below the course number. It identifies the class and section of the class you want to take. It is impossible to register for a class without this number.

6. Time Code Explanation - The times that courses begin and end are indicated in the schedule. Morning classes beginning at 8:00 AM and ending at 8:50 AM are shown as 800a and 850a. Afternoon and evening classes beginning at 5:00 PM and ending at 6:50 PM are shown as 500p and 650p.

If a course is only offered for a letter grade, the notation “Ltr Grd Only” will appear next to the course title. This means that the course can be taken only for a letter grade. If a course is only offered credit/no credit, the notation “CR/NC” will appear next to the course title. This means that the course can be taken only credit/no credit. Refer to page 16 of this class schedule for details regarding grade option changes.

10. Identification of General Education Courses - In the course listing section of this class schedule, the first column at the left hand side is identified as GE.

11. Consolidated Course Fee - A campus-based, mandatory, $12.00 per-semester fee has replaced individual miscellaneous course fees other than those for travel and field trip expenses, event and facility admissions, sports equipment and musical instruments (including rentals). This fee will be charged as part of the “basic fees” due on or before the pertinent registration fee deadline. Course fees not covered by the Consolidated Course Fee are listed and described in the “Footnotes” sections that follow the class listings in the class schedule. Information as to the amount and payment of these fees will be provided before or on the first day of classes. For questions concerning the additional course fees, please contact the department.

TITAN TELEPHONE REGISTRATION: (714) 278-7902
REGISTRATION HELP LINE: (714) 278-7601

Before registering for classes, please read the following instructions carefully. Also, registration will be made easier if you complete the worksheet contained in these blue pages before attempting to register.

Requirements

- Check TITAN Online for your registration appointment date/time and for any holds on your record. All holds must be cleared three (3) business days prior to your TITAN appointment. You will need your Student Identification Number (CVID) and Personal Identification Number to access Titan Online.
- You must use a computer with Internet service or a touch-tone telephone to access TITAN.
- TITAN PIN - A Personal Identification Number (PIN) is required for Web or telephone registration. The PIN assigned to you is the 6-digit number printed on your mailer. You may change your assigned PIN to another 6-digit number, of your choice, via TITAN Online. This number will be used for registration throughout your enrollment at CSUF. If you lose or misplace your PIN, you must present picture identification to be assigned a new PIN at the Admissions and Records Service Center in Langsdorf Hall, room 114.

Maximum Units - University Limitation - Undergraduates are limited to a maximum of 16 units during early registration. Classified graduates not in a Credential Program are limited to 12 units during early registration. Credential students are limited to 19 units.

TITAN Appointment - Appointment dates and times for registration are based on class level and on units earned for all participants. The date indicated on TITAN Online represents the first date you can access TITAN to enroll in classes. If you attempt to register before your assigned date and time, you will not be granted access. You may register any time after your assigned appointment; however, the later you register, the more likely it is that classes will be closed. Students who register during TITAN I AND do not pay the corresponding fees by the date provided will be assessed a $25 Late Registration Fee. PLEASE NOTE THAT PRE-PAYMENT OF FEES IS REQUIRED DURING TITAN II. TITAN Online is available Monday - Friday, 7 AM - Midnight; Saturday 1 AM to Sunday 10 PM for dropping classes, listing classes and fee amount due, between TITAN I and II July 29 - August 6, 2006.

Holds - Any holds will be listed on Titan Online. All holds must be cleared three (3) business days prior to your TITAN appointment.

Cancelled Classes - If a class for which you have registered is cancelled by the department, you will be notified by that department. You may attempt to add a class during the change of program days, August 9-11, 14 by class level; August 15-18 for all students.

Grading Options - The default grading option is a letter grade (A, B, C, D, F). Exceptions are those classes offered LTR/GRD only and CR/NC only. To change the default (A, B, C, D, F) option to CR/NC or to change from CR/NC to a letter grade, see worksheet for information concerning grade option changes. For more detailed information on grading options, refer to page 18.

Course Prerequisites - Some courses have course prerequisites (see footnotes in this class schedule) which, if not met, will result in your being unable to register for the course, or “registered with a warning” - meaning prerequisites must be verified by the instructor when classes start. It is the student's responsibility to provide transcripts from other institutions where prerequisites were met.

Course Corequisites - Some courses have course corequisites (see footnotes in this class schedule). You must register for the corresponding corequisite during the same telephone or Web registration transaction. Failure to do so may result in your being disenrolled from the course.

Test Score Prerequisites - Some courses have test score prerequisites which, if not met, will result in your being unable to register for the course. Refer to the Placement Examinations section of this class schedule.

Registrar Class (REG 999) - Students unable to enroll in any classes because they are closed during Web or telephone registration may request and enroll in the Registrar Class (REG 999), 5-digit schedule #16921 (Irvine Campus students use #16922). Students thus become officially registered and pay minimum fees by their payment due date, thereby avoiding the $25 late registration fee that goes into effect as of the first day of class. This is a temporary device to enable students to add classes during the Change of Program period, if classes are available then, or to wait for decisions on admissions into specific courses. You must withdraw from REG 999 to add other courses. If you are unable to add other courses, you are required to withdraw. Any
Fee Payment and Parking Information - During TITAN I, once you have successfully registered and you have been given the amount owed to the university and the date payment is due, refer to page 48 of this class schedule for instructions on fee payment and parking permit information and instructions. Students who register during TITAN I AND do not pay the corresponding fees by the due date provided will be assessed a $25 Late Registration fee.

If you are registering during TITAN II, you will need to determine the amount of units you plan to take that semester and pay for the units prior to actually registering. You may make pre-payments over the web at TITAN Online, via the telephone registration system, or in person at Student Financial Services (UH-180). Please refer to page 49 of this class schedule for the amount due as well as information on how to purchase a parking permit.

Military Tuition Assistance - Submit proper authorization to the Student Financial Services Office (UH-180) at least three (3) business days prior to your TITAN registration appointment. Authorization must be submitted in advance or pre-payment will be required during TITAN II. For additional information, call (714) 278-2495.

Private Company Scholars - Submit an authorization or a purchase order from your employer to the Student Financial Services Office (UH-180) at least three (3) business days prior to your TITAN registration appointment. Pre-payment will be required during TITAN II, unless an authorization is on file for that semester.

Payment Procedure - Pay online at www.fullerton.edu/titanonline under the “Student Fees/Make a Payment” tab using online checks from your checking or savings account, Visa, MasterCard, American Express, or Discover. The same credit cards are accepted by phone at (714) 278-2121. You may also return your payment form and, if requested, your parking application, to the address provided. Your study list/fee statement information is available through TITAN Online (View My Study List-Web Registration) or TITAN phone registration (#5).

Refunds - If you completely withdraw from classes at any time up through October 25, 2006, you will automatically be sent a prorated refund less non-refundable fees ($11) and a processing fee ($5.00). If you reduce your status to six (6) or fewer units during the campus designated add/drop period which ends September 5, 2006, you will automatically be sent a refund of the difference between full-time and part-time fees less a processing fee ($5.00). Parking permits are NOT refunded automatically and must be turned in to the Parking and Transportation Services Office by the posted filing deadlines (see page 54) for a percentage refund. State regulations regarding refunds changed effective Fall 2002, please see page 55 of this class schedule for more details. For any questions regarding refund, send e-mail to: studentrefund@fullerton.edu.

Refunds for Financial Aid Recipients - Refunds will be processed automatically for students who are financial aid recipients and reduce units to six (6) or fewer by the add/drop deadline, September 5, 2006. Refunds are also automatically processed for students withdrawing completely from the university, and are based on a pro-rated formula up through 60% of the semester. According to federal regulations, refunds for financial aid recipients may be refunded directly to the financial aid programs before any refund is issued to the student. Parking refunds are NOT automatic, see refund information on page 54 of this class schedule.

**REFUND PERIOD**

Resident and non-resident students reducing their status to six (6) or fewer units during the campus designated add/drop period, which ends September 5, will automatically receive a refund of the difference between full-time and part-time fees, less a processing fee ($5.00). Non-resident students will also receive an automatic refund of non-resident tuition for classes dropped during this time, less a processing ($5.00). Students withdrawing from classes up through October 25, 2006 will automatically receive a pro-rated refund, less non-refundable fees ($11.00) and a processing fee ($5.00). Please see page 55 for more details.

**WITHDRAWAL PERIOD (“W” drop)**

Authorization to withdraw after the second week of classes shall be granted for only the most serious and compelling reasons, e.g. a documented physical, medical, emotional, or other condition which has the effect of limiting the student’s full participation in the class. Poor academic performance, e.g. lack of effort or poor attendance is not evidence of a serious reason for withdrawal. Refer to Refund Information on page 53.

Signatures of the Instructor and Department Chair are required for each course from which you withdraw. The Associate Dean’s signature is also required for withdrawal from classes in the College of Business or Engineering and Computer Science. (Required signatures are noted on the “Request for Withdrawal” form)

Submit the approved Withdrawal Form to the Admissions and Records Service Center in Langsdorf Hall (LH-114).

**LATE WITHDRAWAL PERIOD (“W” drop)**

Follow the same procedures as above. The approved withdrawal form should be submitted to the Admissions and Records Service Center in Langsdorf Hall (LH-114).

**EMERGENCY MEDICAL WITHDRAWAL**

Complete withdrawal may be allowed during the final three weeks of instruction only in cases of documented accident or serious illness where assignment of an Incomplete is not practicable. The student or his/her proxy must submit detailed medical documentation and Petition for Emergency Medical Withdrawal to the University Registrar (LH-101) for approval. The student should first attempt to receive Incompletes (I grades) with his/her instructors prior to applying for an emergency medical withdrawal, in order to salvage credit for the time and money invested in the courses up to that point. In such cases, state regulations do not permit a refund of fees to be considered.

**ATTENTION STUDENTS!!**

**DISCONTINUING CLASSES:**

If a student decides not to continue enrollment in a class, either before or after instruction begins, it is the student’s responsibility to follow and complete the appropriate procedures for dropping the class. See “Class Attendance” on page 17.

**REFUND OF FEES:**

Dropping classes may entitle you to a fee refund. Refer to Fee Refund Schedule on page 55.

**HOURS OF OPERATION FROM August 19 - September 18 and after Census:**

The Department of Admissions and Records hours are varied. Refer to Hours of Operation on preceding page.
**WILL YOUR NEXT REGISTRATION BE ON HOLD?**

Some students must show immunization against Measles and Rubella (MMR) and Hepatitis B. Please read below to see if you are required to show proof of immunization to avoid future registration holds.

For recorded information regarding the immunization requirement, call the Student Health and Counseling Center at the following numbers:

- MMR Hotline: 714-278-7754
- Hepatitis B Hotline: 714-278-6044

**How You Can Meet The Hepatitis B and/or Measles/Rubella (MMR) Requirement(s):**

1. Bring in a copy of your documentation [doctors records, military records, school records, public health records or letter from your doctor] of previous vaccination to the Student Health and Counseling Center (SHCC), or fax it with your name, phone #, and CWID# to (714) 278-3069. Please check TITAN Online to ensure your hold has been removed.

2. You may get the vaccination(s) from your private doctor/clinic and provide the documentation to SHCC in person or via fax, as above.

3. You may get the vaccination(s) from the Public Health Department, free of charge! For information, visit the Orange County website at [http://www.ochealthinfo.com](http://www.ochealthinfo.com). Please provide the documentation to the SHCC in person or via fax, as above.

4. You may get the vaccination(s) from the Student Health and Counseling Center by appointment only. Schedule an appointment in person only by calling 714-278-2800.

5. If you have received the immunization(s) in the past, but do not have the documentation available, you can be re-immunized. A lab test can also be performed for measles and rubella, as well as for hepatitis B, but it takes time and there is a charge.

6. If you are pregnant or think you may be pregnant, you will be temporarily waived from the MMR and hepatitis B requirements. You may fax a copy of a note from your doctor/clinic, including your expected due date as well as a completed immunization form (found at the SHCC or the SHCC website), to (714) 278-3069. A hold will be placed back on your record if the requirement is not met when the temporary waiver expires. If you have had intercourse since your last menstrual period, and are not using hormonal-based contraception, you will be unable to receive the MMR vaccination until your next cycle has started.

7. If you need to request a waiver for other medical reasons, please make an appointment with a SHCC provider at (714) 278-2800, or in person, or bring a note from your private physician/clinic to the SHCC and complete a waiver form.

8. Waivers can be granted for religious/philosophical reasons by the SHCC Executive Director’s Office. Please complete an immunization form found at the SHCC website [www.fullerton.edu/shcc](http://www.fullerton.edu/shcc) and fax it to (714) 278-5525, or in person at the SHCC Executive Director’s Office.

9. If you have an allergy to egg, feathers, gelatin or neomycin, you may receive a permanent waiver from MMR only. To find out if you qualify, come to the SHCC front desk, request and complete an immunization waiver form, and see the Screening Nurse.
Please note that classes are subject to change without notice!

The CSU Fullerton Resident Deferred Payment Plan and Non-Resident/Foreign Tuition Installment Payment Plan

TERMS AND CONDITIONS
The Deferred Payment Plan (DPP) is a short-term educational loan designed to give students an opportunity to pay their fees and tuition over an extended period of time. Students who are in good financial standing may take advantage of and apply for this assistance. Students may elect to use DPP whether or not they qualify for financial aid. Students who owe the university money or have a history of payment difficulty may be denied DPP.

WHEN TO APPLY
Applications should be received before the first payment is due. This will result in the correct amount due being given to you in TITAN whether registering over the web or by phone should you wish to pay by credit card. California residents may apply by making their first payment and sending the completed Resident Student Installment Agreement along with the required $33 nonrefundable fee.

Non-residents may apply by making their first payment, which includes the entire basic registration fees and by submitting the completed Non-Resident Student Installment Agreement.

MAKING PAYMENTS
The first payment is due by 5 p.m. on the day that is given to you during TITAN Registration. Disregarding this deadline may result in your classes being dropped. Postmarks are not considered. You are responsible for payments by the due date even if you do not receive a bill.

CSUF accepts online ACH checks (checking or savings) Visa, MasterCard, American Express and Discover. They may be used on the Web at www.fullerton.edu/titanonline or with TITAN Express at (714) 278-2121.

To ensure proper crediting of payment, make sure that your name, CWID Number, and the letters “DPP” appear on the face of the check used for payment. Payments may be mailed to the Student Financial Services Office. A drop box is located at University Hall (UH) 180 Window #10 of Student Financial Services and is accessible 24 hours a day.

TO APPLY FOR DPP
Students 18 year of age and over, may apply for the DPP online at www.fullerton.edu/titanonline. It is possible to register for courses, apply for the DPP, and make the first installment payment at one time.

Students under 18 years of age, should complete the paper application with their parent information. Students may mail their completed application together with their first payment to (write CWID Number and “DPP” on check face):

California State University, Fullerton
Student Financial Services, UH-180
P.O. Box 6808
Fullerton, CA 92834-6808
Make checks payable to: CSU Fullerton

LATE PAYMENT AND CANCELLATION
Each late payment made will be assessed a $20 late DPP payment fee. A hold will also be applied to your student account disallowing transcript requests, and future registration.

Financial aid students using DPP are required to make payments until fees are paid or they will be charged late fees.

PAYING IN ADVANCE
Any portion of a payment that is in excess of the amount of the DPP installment due will be applied to other current debts or future installments. Refunds of any type will not be issued until all charges are paid in full.

ACADEMIC ENROLLMENT CHANGE
Students using DPP who withdraw during the term may be eligible for a refund in accordance with the campus refund policy (the DPP processing fee is nonrefundable).

NON-RESIDENT/FOREIGN STUDENT TUITION INSTALLMENT APPLICATION/AGREEMENT NONREFUNDABLE NON-RESIDENT SERVICE CHARGE

Title 5, Section 41901.5 of the California Code of Regulations allows non-resident students to pay nonresident tuition on an Installment basis. Basic registration fees must be paid at the time of registration. A service charge of 15% will be added to the total unpaid balance to cover the cost of handling. **Installment payments are for non-resident tuition only.**

The initial service charge will be assessed based on the total unpaid balance as of the first day of class and the full amount of the initial service charge is due on the 2nd installment payment due date. Additional service charge will be assessed only if more units were added on and after the first day of class. Service charge will not be reduced if units were dropped on or after the first day of class. No service charge will be assessed if the balance is paid in full as of the first day of class. The initial service charge amount is computed as follows:  \[(Total \text{ unpaid balance on the 1st day of class } \times 15\%) = \text{Initial Service Charge}\]

PAYMENT DUE DATES AND AMOUNTS

Amounts due for non-resident tuition depend upon how many credits the student is taking at CSUF. Each student can determine the payment due by using the following formula:

\[\text{$339 \times \text{units taken} = \text{Total non-resident tuition; } \}$Total non-resident tuition } \times 0.33 = \text{amount due on second and third installment payment due dates; } \}$Total non-resident tuition } \times 0.34 = \text{amount due on fourth installment payment due date}\]

**Important payment due dates follow:**

- 1st Installment payment due when submitting the Non-Resident/Foreign Installment Payment Application/Agreement – all basic registration fees are due
